

## **Job Title: Software Engineer**

**Location:** Kolkata

**Job Type:** Full-Time

**Company:** Sentientgeeks

**Reports To:** Engineering Manager

---

### **Job Summary:**

We are looking for a skilled and motivated Software Engineer to join our growing development team. In this role, you will be responsible for designing, developing, testing, and maintaining scalable software solutions. You will work closely with product managers, designers, and other engineers to deliver high-quality software that meets user needs.

---

### **Key Responsibilities:**

- Design, develop, test, and deploy scalable web applications and APIs.
  - Collaborate with cross-functional teams to define, design, and ship new features.
  - Write clean, maintainable, and efficient code following best practices.
  - Participate in code reviews and provide constructive feedback.
  - Troubleshoot and debug applications to optimize performance.
  - Stay up to date with emerging technologies and apply them to operations and activities.
- 

### **Required Qualifications:**

- Bachelor's degree in Computer Science, Engineering, or a related field.
  - 2+ years of professional experience in software development.
  - Proficiency in programming languages such as JavaScript, Python, or Java.
  - Experience with modern frameworks (e.g., React, Node.js, Django, Spring Boot).
  - Familiarity with version control tools (e.g., Git).
  - Understanding of databases (SQL and NoSQL) and RESTful APIs.
- 

### **Preferred Qualifications:**

- Experience with cloud platforms (AWS, Azure, GCP).
  - Familiarity with CI/CD pipelines and containerization tools like Docker.
  - Knowledge of Agile/Scrum methodologies.
-

**What We Offer:**

- Competitive salary and performance-based bonuses
- Flexible working hours and remote options
- Health, dental, and vision insurance
- Professional development opportunities
- Friendly and inclusive work culture
